EUROPE

PLANT REVOLUTION

Beneficial Microbes make a great addition to any garden. They enhance nutrient and water uptake and help plants perform their best. Plant Revolution is a family-run business and has been the industry leader since 1999. Feel free to use the maximum application rates and combine products. It is generally best to use a mycorrhiza (Great White/Orca) with a beneficial bacteria (King Crab) and a microbe food (Mycochum).

				VEG				FLOWER							
	Seeds	Cuttings	Transplants	Week 1	Week 2	Week 3	Week 4	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8
